

## BOIS FORTE HOUSING DIVISION SNOW PLOWING INFORMATION SHEET 2016 SNOWPLOWING

### FOR NETT LAKE

If there are **more than three (3) inches of snowfall** in one period of time, the Housing Division **Maintenance staff will plow driveways starting at 8 AM the following day.** They will start plowing each area in Nett Lake (Palmquist, Indian Point, Sugar Bush, Village) at the same time. Please have your vehicle removed from the driveway by 8 AM for the staff to plow the driveways. Thank you.

In the case of a Winter Storm advisory, plowing will be done twice a day: once in the morning, and once in the evening.

The Bois Forte Housing Department will only plow homeowners units if their land lease states that this is a Residential Lease. All Recreational Leases will not be plowed.

### FOR VERMILION

As needed dependent upon the amount of snowfall. If any questions, contact Brian Moyer at 218-404-3028.

The Bois Forte Housing Department will only plow homeowners units if their land lease states that this is a Residential Lease. All Recreational Leases will not be plowed.

### ELDERS

Our policy is that **Elders' get plowed out first**, which includes all on reservation Elders' and not just those who rent units or homes from Housing.

### ROTATION

The Maintenance staff will do their best to **rotate the plowing order** to ensure fairness.

### SPECIAL REQUESTS

If you have any **special snowplowing requests**, you must make them through the Housing Office during normal business hours (8AM-4:30PM, Monday through Friday; call 218-757-3253), so that they can be properly documented. It is up to the Commissioner, Carol Burr, and Maintenance Supervisor, as to whether or not we can honor your request.
